

The Care Act (2014): An Overview

This 6 hour training session is designed to offer the opportunity for organisations and attending delegates alike to explore the requirements of the Care Act 2014. The training course is facilitated by our leading expert and qualified social worker Louise. Louise has years of experience delivering social care courses and Care Act training for large organisations including Skills for Care and Cloverleaf.

Programme/Course Content

The Care Act 2014: An Overview offers the opportunity for delegates to explore the key elements of the Care Act (2014) including:

- What does the Act aim to achieve
- Well-being principle
- Information, advice and advocacy
- Safeguarding under the Care Act (2014)
- Assessment and eligibility
- Charging and financial assessment
- Rights for carers
- Care Standards
- Summary

Further information: This training course is NOT open to individuals. We only deliver this training onsite to groups of professionals as arranged by employers such as: Clinical Commissioning Groups (CCG's), NHS Trusts, Large GP Practices, Large Dental Practices, Care Providers, and Housing Associations.
