

HEALTH AND SAFETY

Onsite Forklift Truck Driving Licence

An Onsite Forklift Truck Driving Licence helps to ensure your workers are able to operate safely, confidently and efficiently, which helps to ensure your business reduces incidents including accidents and damage, and increase productivity and profitability.

Programme/Course Content:

- Prepare the fork lift truck for driving or manoeuvring
- Operate, move or manoeuvre the fork lift truck
- Select, transfer and position loads using a fork lift truck
- Undertake post operational checks for fork lift trucks
- Assessment & Certification

Aimed at: Each of our courses can be tailored to meet your team's requirements, whether introductory, intermediate or advanced. We can design the ideal solution to accommodate your team's ability, knowledge, practical experience and previous training.

Accreditation: HSE

Further information: All our Forklift truck training courses complies with the current legislation and HSE standards and the approved codes of practice (HSE) L117 ACOP. If the FLT operator successfully achieves the FLT training course then they will be issued with the relevant licence and training certificate.

If you require an onsite visit to discuss your FLT training needs or would like any additional information, then please get in touch.
